

SHIFTING THE LIMITS

Wels, January 13th 2014

BASIC INFORMATION IEC 62109-1 AND -2 VERSUS IEC 62103

Fronius International GmbH

hereby confirms that the international safety standards IEC 62109-1 and 62109-2 are dedicated to PV inverters. Therefore the former used IEC 62103 is obsolete for PV power electronics equipment. Furthermore the relevant requirements given in IEC 60664-1 are referenced in IEC 62109-1.

FRONIUS INTERNATIONAL GMBH

Solar Electronics Division
Froniusplatz 1
A-4600 Wels

A handwritten signature in blue ink, appearing to read "ppa Hackl".

Ing. Prok. Martin Hackl
Head of Solar Electronics Division
