

GOLDI™
Renewed life

Creating A Better World

We lead the way in solar and provide solutions that exceed customer expectations

Automated robotic production facility

Optimum design for higher performance

You name it we have it

Modules certified for various geographic and adverse climatic conditions

Certifications

- 
IEC 61701
 (Salt Mist Test)
- 
IEC 60068 - 2 - 68
 (Sand & Dust Test)
- 
IEC 60904 - 1 & 7
 (Calibration)
- 
IEC 62759 - 1
 (Transportation Test)
- 
IEC 62804
 (PID)
- 
IEC 62716
 (Ammonia Test)
- 
IEC 61853 - 1
 (Power Rating Standard)
- 
IEC EE CB SCHEME
 61215, 61730 - 1 & 2
 (Design & Safety Test)

Solar panels that give high specific yield

Deployment of best manufacturing practices
- QMS Systems

Manufacturing facility
- Surat, Gujarat (IND)

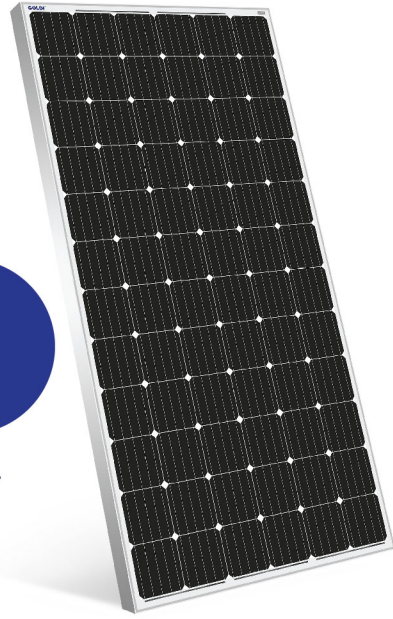

• Good encapsulation, quality ribbons and high efficiency cells ensure rated power output

• Dedicated R&D lab with a constant focus on raising the bar

Makers of Mono and Poly crystalline solar panels

**GOLDI 72 GN1
Mono PERC
Module**

Best-in-class power capacity rating of **380 Wp**

**GOLDI 72GN
Poly Module**

Best-in-class power capacity rating of **340 Wp**

Positive power output guaranteed

Loss minimization due to excellent temperature co-efficient

System voltage

BOS cost reduction and higher specific yield

High grade raw materials

Higher yield

IECEE standard

BIS standard

Range of Mono Modules

Range starts from 180 Wp

- Goldi 72 GN1 Mono PERC - upto 380 Wp
- Goldi 66 GN1 Mono PERC - upto 350 Wp
- Goldi 60 GN1 Mono PERC - upto 320 Wp

Range of Poly Modules

Range starts from 155 Wp

- Goldi 72 GN Poly - upto 340 Wp
- Goldi 66 GN Poly - upto 305 Wp
- Goldi 60 GN Poly - upto 280 Wp

Applications

- Street lighting systems
- Home lighting systems
- Solar agricultural pumping systems
- Residential rooftop systems
- Utility scale solar systems
- Commercial / Industrial systems
- BIPV (Building integrated PV)

Special Modules: BIPV, Bi-Facial

Range of Cut Cell Modules

Range starts from 3 Wp

- Goldi DuoApex 144 GN - upto 340 Wp
- Goldi DuoApex 120 GN - upto 280 Wp

EPC | A natural extension of our expertise

We offer fully comprehensive turnkey solutions by deploying world-class technology to design, install and commission solar projects across India.

Our strength lies in our highly skilled and dedicated EPC team. Timely execution supported by planning & scheduling is our key success point.

1000+
Customers
added in just
2 years

● DNH, Silvassa
1.4 MW

● GST Bhavan, Vadodara
100 kW

● Vadodara Airport
675 kW

● 250 kW roof-top solar power plant & 425 kW of car port integrated solar power plant at Shrimad Rajchandra Trust - Dharampur, Gujarat

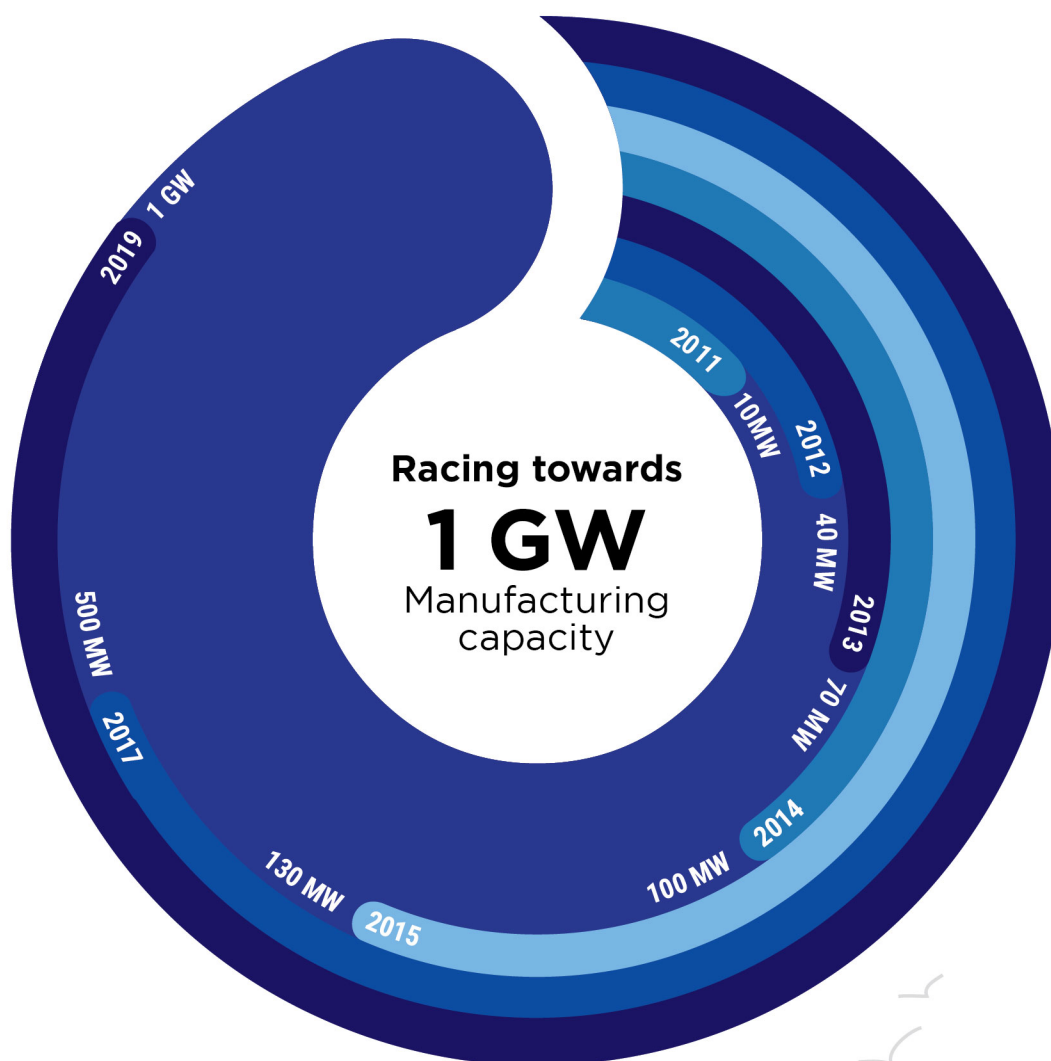

● Surat Municipal Corporation, Varied Waterworks Sites - 2 MW

A vision backed by a stellar reputation

GOLDI is one of the fastest growing Solar PV module manufacturing company and recognized as a star export house by the Government of India.

Promoters of GOLDI, the Dholakia family are at the helm of over a billion dollar diamond manufacturing brand - **SRK Exports**.

Our Growth Story

Exports to **12+** Countries

USA, Denmark, Germany, France, Italy,
Croatia, Greece, Turkey, Myanmar, and more...

3 out of every 4 individuals with us were the under-privileged

Today, we are privileged to have them

Our manufacturing facility is located near a tribal belt. Over the past 7 years, we have trained and educated the tribal youth on technical and professional skills.

They are our true strength, their zeal and dedication is unmatched.
